Art Unit: 1754

The election of SWNTs is noted. All claims are under consideration. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 36-68, 88-93, 130 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ruoff et al. 5547748.

The previous rejection is incorporated herein by reference.

Applicant's arguments filed 2/16/07 have been fully considered but they are not persuasive. The claims do not exclude end-derivatization. The arguments imply that the process forms functional groups at the middle and not the ends because it is electrochemical. This should be demonstrated. If an IDS is submitted then a fee/certification should accompany it.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication should be directed to examiner Hendrickson at telephone number (571) 272-1351.
